

Helm CONNECT

Personnel

Easily schedule your crews, manage crew changes, and generate payroll so you can pay your crew accurately and on time.

- Use a single, integrated solution to handle crew scheduling and payroll
- Ensure your crew certifications are up-to-date and you're ready to prove compliance at any time
- Log and submit scheduled or on-demand crew changes from your assets
- Validate and adjust your crew schedules by asset and by person to prevent errors and fill gaps
- Use crew schedules to automate payroll, making manual adjustments as needed
- Configure the system according to your scheduling and payroll needs

"[We chose Helm CONNECT because] we were unhappy with our current system and Helm seemed more streamlined and user friendly for both vessel crew and office staff. Additionally it seemed the Helm crew was very helpful and updates were plentiful (as well as room to grow alongside our company). Our crew is more eager to learn and use it - the storage of information is much cleaner and more accessible than before."

- **Joshua Vanasse**
Assistant Engineer,
Curtin Maritime

Personnel provides one system to handle dispatcher operations, crew management, and payroll into one system.

Ensure your crew's training and certifications are up-to-date

- Track all the training and certifications for your crew
- Clearly see which items will be due in the next 30, 60, or 90 days
- Configure email reminders about items coming due
- Maintain a complete, searchable record of the items for each crew member
- Verify your crew's certifications are up-to-date when you log them onto an asset

Log crew changes, view crew certifications, and report on sea time

- Log and submit scheduled or emergency crew changes from your assets
- Verify that your crew member's certifications are up-to-date when you log them onto an asset
- Use timesheets to view and make multiple crew changes
- Review the history of all crew changes on your asset
- Track and report on crew sea time

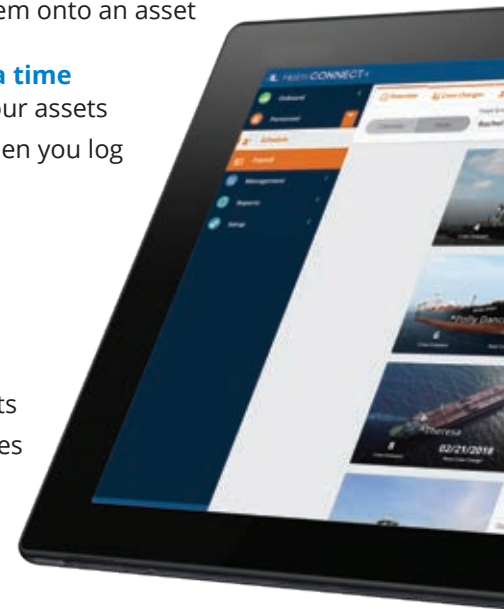

Plan crew schedules and approve or adjust days worked

- Plan your crew schedules based on asset manning requirements
- Clearly see if crew are certified to work as you plan the schedules
- View schedules by date, by asset, by person, or across your whole fleet
- Automatically notify your crew by email when schedules are created or adjusted
- Review, adjust, approve, or deny crew on/off events submitted by your assets

Use your crew schedules to forecast and generate payroll

- Manage all your pay rates and pay classes in a central system
- Use our powerful payroll engine to trigger pay rates according to your company's rules
- Forecast payroll based on your approved schedules
- Automatically generate payroll once crew schedules are approved
- View total days and dollars paid for your entire crew
