

Helm CONNECT :: Compliance

Meet Asset Tracking

Ensure your asset certifications are up-to-date and you're ready to prove compliance at any time.

- Track all the certifications for your assets
- Clearly see which items will be due in the next 30, 60, or 90 days
- Configure email reminders about items coming due
- Maintain a complete, searchable record of the items for each asset, including attached documents
- Prove compliance at any time from shore or on your assets

"We chose Helm CONNECT because they [Helm] made it easy to do business with them. First off, their maintenance and compliance software is the easiest we've ever seen, and secondly we didn't have to wait weeks to get a price quote from them. They've been transparent and responsive throughout the entire process."
