

Helm CONNECT :: Personnel

# Meet Payroll

Use your crew schedules and crew changes to forecast and generate payroll.

- Manage all your pay rates and pay classes in a central system
- Use our powerful payroll engine to trigger pay rates according to your company's rules, including regular, overtime and holiday pay
- Forecast payroll based on your approved schedules
- Automatically generate payroll once crew schedules are approved
- View total days and dollars paid for your entire crew

*"We switched over to Helm because it is the most user friendly vessel operations software program I have come across and I think we have demoed or used in combination all of them. We also chose Helm because they seem to have the best support."*

- **John Stewart**  
Vice President, Magnolia Fleet
