

Helm CONNECT: Maintenance

Meet Requisitions

Manage requests for parts for your assets.

- Increase visibility by tracking the status of your requisitions both from shore and on your assets
- Use vendor price contracts to quickly estimate the cost of your requisitions
- Link your requisitions to existing tasks

"[We chose Helm CONNECT because] we were unhappy with our current system and Helm seemed more streamlined and user friendly for both vessel crew and office staff. Our crew is more eager to learn and use it - the storage of information is much cleaner and more accessible than before."

- Joshua Vanasse
Assistant Engineer, Curtin Maritime
