

Helm CONNECT Logbook

Vessel Logs. Simplified.

The easiest way to record your log entries, gain onboard visibility, and provide instant transparency between vessel and shore.

- **Easy log entry designed for crew.** Log vessel activities quickly and easily with a product made for minimum clicks.
- **Instant transparency between vessel and shore.** Track crew onboard, upcoming work, and ongoing activities as they happen all in real time.
- **Print and export logs instantly.** Quickly print and export logs for charterers and other stakeholders at any time and in your custom formats.

"[We chose Helm CONNECT because] we were unhappy with our current system and Helm seemed more streamlined and user friendly for both vessel crew and office staff. Additionally it seemed the Helm crew was very helpful and updates were plentiful (as well as room to grow alongside our company). Our crew is more eager to learn and use it - the storage of information is much cleaner and more accessible than before."

- **Joshua Vanasse**
Assistant Engineer, Curtin Maritime
